

SECTION 1: Identification

1.1 GHS Product identifier

Product name2-[[2-[[2-[[2-[[[(2S)-2-amino-4-methylpentanoyl]amino]acetyl]amino]acetyl]amino]acetyl]amino]acetic acid

1.2 Other means of identification

Product number-  
Other namesGlycine,L-leucylglycylglycylglycyl;L-Leu-Gly-Gly-Gly-Gly;

1.3 Recommended use of the chemical and restrictions on use

Identified usesIndustrial and scientific research uses.  
Uses advised againstno data available

SECTION 2: Hazard identification

2.1 Classification of the substance or mixture

no data available

2.2 GHS label elements, including precautionary statements

Pictogram(s)no data available  
Signal wordno data available  
Hazard statement(s)no data available  
Precautionary statement(s)  
Preventionno data available  
Responseno data available  
Storageno data available  
Disposalno data available

2.3 Other hazards which do not result in classification

no data available

SECTION 3: Composition/information on ingredients

3.1 Substances

| Chemical name                                                                                            | Common names and synonyms                                                                                | CAS number | EC number | Concentration |
|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|------------|-----------|---------------|
| 2-[[2-[[2-[[2-[[[(2S)-2-amino-4-methylpentanoyl]amino]acetyl]amino]acetyl]amino]acetyl]amino]acetic acid | 2-[[2-[[2-[[2-[[[(2S)-2-amino-4-methylpentanoyl]amino]acetyl]amino]acetyl]amino]acetyl]amino]acetic acid | 15080-71-4 | -         | 100%          |

SECTION 4: First-aid measures

4.1 Description of necessary first-aid measures

If inhaled  
Move the victim into fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration and consult a doctor immediately. Do not use mouth to mouth resuscitation if the victim ingested or inhaled the chemical.  
Following skin contact  
Take off contaminated clothing immediately. Wash off with soap and plenty of water. Consult a doctor.  
Following eye contact  
Rinse with pure water for at least 15 minutes. Consult a doctor.  
Following ingestion  
Rinse mouth with water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Call a doctor or Poison Control Center immediately.

4.2 Most important symptoms/effects, acute and delayed

no data available

4.3 Indication of immediate medical attention and special treatment needed, if necessary

no data available

SECTION 5: Fire-fighting measures

5.1 Suitable extinguishing media

Use dry chemical, carbon dioxide or alcohol-resistant foam.

5.2 Specific hazards arising from the chemical

no data available

5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid breathing mist, gas or vapours.Avoid contacting with skin and eye. Use personal protective equipment.Wear chemical impermeable gloves. Ensure adequate ventilation.Remove all sources of ignition. Evacuate personnel to safe areas.Keep people away from and upwind of spill/leak.

6.2 Environmental precautions

Prevent further spillage or leakage if it is safe to do so. Do not let the chemical enter drains. Discharge into the environment must be avoided.

### 6.3 Methods and materials for containment and cleaning up

Collect and arrange disposal. Keep the chemical in suitable and closed containers for disposal. Remove all sources of ignition. Use spark-proof tools and explosion-proof equipment. Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations.

---

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Handling in a well ventilated place. Wear suitable protective clothing. Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Use non-sparking tools. Prevent fire caused by electrostatic discharge steam.

### 7.2 Conditions for safe storage, including any incompatibilities

Store the container tightly closed in a dry, cool and well-ventilated place. Store apart from foodstuff containers or incompatible materials.

---

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

#### Occupational Exposure limit values

no data available

#### Biological limit values

no data available

### 8.2 Appropriate engineering controls

Ensure adequate ventilation. Handle in accordance with good industrial hygiene and safety practice. Set up emergency exits and the risk-elimination area.

### 8.3 Individual protection measures, such as personal protective equipment (PPE)

#### Eye/face protection

Wear tightly fitting safety goggles with side-shields conforming to EN 166(EU) or NIOSH (US).

#### Skin protection

Wear fire/flame resistant and impervious clothing. Handle with gloves. Gloves must be inspected prior to use. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

#### Respiratory protection

If the exposure limits are exceeded, irritation or other symptoms are experienced, use a full-face respirator.

#### Thermal hazards

no data available

---

## SECTION 9: Physical and chemical properties and safety characteristics

|                                                          |                   |
|----------------------------------------------------------|-------------------|
| Physical state                                           | no data available |
| Colour                                                   | no data available |
| Odour                                                    | no data available |
| Melting point/freezing point                             | no data available |
| Boiling point or initial boiling point and boiling range | no data available |
| Flammability                                             | no data available |
| Lower and upper explosion limit/flammability limit       | no data available |
| Flash point                                              | no data available |
| Auto-ignition temperature                                | no data available |
| Decomposition temperature                                | no data available |
| pH                                                       | no data available |
| Kinematic viscosity                                      | no data available |
| Solubility                                               | no data available |
| Partition coefficient n-octanol/water                    | no data available |
| Vapour pressure                                          | no data available |
| Density and/or relative density                          | no data available |
| Relative vapour density                                  | no data available |
| Particle characteristics                                 | no data available |

---

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

no data available

### 10.2 Chemical stability

no data available

### 10.3 Possibility of hazardous reactions

no data available

### 10.4 Conditions to avoid

no data available

### 10.5 Incompatible materials

no data available

10.6 Hazardous decomposition products

no data available

SECTION 11: Toxicological information

Acute toxicity

- Oral: no data available
- Inhalation: no data available
- Dermal: no data available

Skin corrosion/irritation

no data available

Serious eye damage/irritation

no data available

Respiratory or skin sensitization

no data available

Germ cell mutagenicity

no data available

Carcinogenicity

no data available

Reproductive toxicity

no data available

STOT-single exposure

no data available

STOT-repeated exposure

no data available

Aspiration hazard

no data available

SECTION 12: Ecological information

12.1 Toxicity

- Toxicity to fish: no data available
- Toxicity to daphnia and other aquatic invertebrates: no data available
- Toxicity to algae: no data available
- Toxicity to microorganisms: no data available

12.2 Persistence and degradability

no data available

12.3 Bioaccumulative potential

no data available

12.4 Mobility in soil

no data available

12.5 Other adverse effects

no data available

SECTION 13: Disposal considerations

13.1 Disposal methods

Product

The material can be disposed of by removal to a licensed chemical destruction plant or by controlled incineration with flue gas scrubbing. Do not contaminate water, foodstuffs, feed or seed by storage or disposal. Do not discharge to sewer systems.

Contaminated packaging

Containers can be triply rinsed (or equivalent) and offered for recycling or reconditioning. Alternatively, the packaging can be punctured to make it unusable for other purposes and then be disposed of in a sanitary landfill. Controlled incineration with flue gas scrubbing is possible for combustible packaging materials.

SECTION 14: Transport information

14.1 UN Number

ADR/RID: no data available

IMDG: no data available

IATA: no data available

14.2 UN Proper Shipping Name

ADR/RID: no data available

IMDG: no data available

IATA: no data available

14.3 Transport hazard class(es)

ADR/RID: no data available

IMDG: no data available

IATA: no data available

14.4 Packing group, if applicable

IATA: no data available

## IATA: No

## no data available

## no data available

### 15.1 Safety, health and environmental regulations specific for the product in question

| Chemical name                                                                                            | Common names and synonyms                                                                                | CAS number | EC number   |
|----------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------|------------|-------------|
| 2-[[[2-[[[2-[[[2-(2S)-2-amino-4-methylpentanoyl]amino]acetyl]amino]acetyl]amino]acetyl]amino]acetic acid | 2-[[[2-[[[2-[[[2-(2S)-2-amino-4-methylpentanoyl]amino]acetyl]amino]acetyl]amino]acetyl]amino]acetic acid | 15080-71-4 | -           |
| <b>European Inventory of Existing Commercial Chemical Substances (EINECS)</b>                            |                                                                                                          |            | Not Listed. |
| <b>EC Inventory</b>                                                                                      |                                                                                                          |            | Not Listed. |
| <b>United States Toxic Substances Control Act (TSCA) Inventory</b>                                       |                                                                                                          |            | Not Listed. |
| <b>China Catalog of Hazardous chemicals 2015</b>                                                         |                                                                                                          |            | Not Listed. |
| <b>New Zealand Inventory of Chemicals (NZIoC)</b>                                                        |                                                                                                          |            | Not Listed. |
